

EMS Academy, INC Financing Plan for Self-Paced Courses

We at the academy understand that not all students can afford to pay all of their tuition up front, so we are proud to announce our new financing plan.

EMS Academy, INC is committed to the principle that education should be affordable and obtainable to all individuals seeking to serve their fellow man and their communities. Therefore, our financing plan is very simple and straightforward; YOU decide how much you are going to pay each month. We simply take that amount and divide it into the course cost to determine the number of months you will be paying. We won't even charge you interest! We do charge a one-time financing fee to set up your financing plan. The fee will be added to your tuition. The fee for EMR is \$50.00, the fee for EMT-B is \$75.00.

There are NO credit checks and ALL students qualify for financing. The stipulations for getting your financing plan approved are:

1. The first month's payment must be at least \$150 for the EMR course and \$300 for the EMT-B course.
2. The first month's payment must be paid at the time of registration, prior to beginning your course.
3. The length of the payment plan cannot exceed the number of months of your course plan or the course limit (3 months for EMR; 6 months for EMT-B)

As this financing program pertains to self-paced courses, some students may finish the course prior to completing their payments for their individual financing plan. **Under no circumstances** will a student be allowed to take the final exam, graduate or be released to take the NREMT certification exam until they have made all of their payments for their financing plan. Any student may pay the balance of their financing plan in full at any time during the course time limit.

Students interested in utilizing our financing plan should send an email to finance@emsonlineacademy.com . Please include your proposed payment plan.

Let us help you achieve your goal of a career in Emergency Medical Service.
